InterWeave Point of Sale Summary

InterWeave POS helps track inventory as you sell and receive items, ring sales, manage customers and accept credit cards. You now have the tools essential to run your successful business:

- No more duplicate transaction and financial entries.
- Easily ring up sales, accept credit cards and track inventory.
- See your top-selling products, customer stats and more.
- Integrates seamlessly with your merchant service provider and your financial solutions (QuickBooks, Sage, Dynamics, Oracle, etc.).

InterWeave Vendor Profile

InterWeave Smart Solutions deliver a complete integration process for popular business applications. With InterWeave Smart Solutions, you can purchase, configure and run a customized integration Solution for these applications that integrate all standard Salesforce objects (Accounts, Contacts, Opportunities, Products, Cases) with Merchant Service Providers in real-time, and then integrate with your Financial Solution standard objects (Customers, Contacts, Sales Orders, Sales Receipts, Invoices, Estimates, Jobs, Items); configure, test, run. .

With offices in New York, Connecticut and Toronto, Integration Technologies, Inc. (ITI) developed "InterWeave Smart Solutions", a comprehensive SaaS integration platform .

Contact us at 203 274 5226, email sales@interweave.biz or www.interweave.biz.

- Integrate seamlessly with your Financial Solution
- Easy-to-use with mobile devices; iPhone, iPad, Android, etc.
- Take and process Credit Card Payments
- Online Access Anytime, Anywhere: No more being tied in-store with Online web browser access

Our Solutions

Integration in the Cloud

Our customers require Solutions that are in the Cloud. With your **Premium Combined Server**, your Servers, IT personnel, firewalls, etc.—all Solutions and customers applications are in the Cloud. TrappOnline can host your eCommerce, WordPress Website and Financial Applications in a dedicated, supported environment.

eCommerce/CRM/Financial Integration

Quote and Order Monitoring and Management in your CRM today is required; this is why we created InterWeave's iOffice Solution. TrappOnline has extensive experience with QuickBooks and other financial applications. "Trapp Online's knowledge really helps our customers iOffice integration," explained Magown. "Hosting is fine but if you don't understand what you're hosting, that's a problem."

Data Security

InterWeave's customers are provided dedicated servers in a secure data center, an environment that is supported 24 hours per day. Backups are automatic. "With the combination of InterWeave running at TrappOnline and our customers Volusion, WordPress Websites and QuickBooks running at TrappOnline, we have the best of both worlds." stated Magown. "It's everything our customers need."
